46. DESIGN - IDS Design Consultant Services

Contract (2001-0507) between MDOT and Wilcox Associates, Inc., provides for design consultant services on an as needed/when needed basis. This contract, which was awarded on June 2001, enables MDOT to initiate design activities with authorizations. The limit on these authorizations is \$1,000,000. Authorizations in excess of \$100,000 require the approval of the State Administrative Board. The term of this authorization is from date of award through thirty-six months.

This authorization (Z/4) is for \$122,000.00, which provides for the design of I-94 Under St. Clair Highway in the County of St. Clair (S04 of 77111 - JN 56638D). The work items include superstructure replacement, shoulder widening, substructure repair, approach work, and maintaining traffic. The term of this authorization is from award through June 2004. Source of Funds: 100% State Trunkline Funds.

47. DESIGN - IDS Design Consultant Services

Contract (2001-0507) between MDOT and Wilcox Associates, Inc., provides for design consultant services on an as needed /hen needed basis. This contract, which was awarded on June 2001, enables MDOT to initiate design activities with authorizations. The limit on these authorizations is \$1,000,000. Authorizations in excess of \$100,000 require the approval of the State Administrative Board. The term of this authorization is from date of award through thirty-six months.

This authorization (Z/5) is for \$242,000.00, which provides for the design of I-94 Under Range Road in the County of St. Clair (S13 of 77111 - JN 54045D). The work items include superstructure replacement, shoulder widening, substructure repair, approach work, and maintaining traffic. The term of this authorization is from award through June 2004. Source of Funds: FHWA - 80%; State Trunkline Funds 20%.

48. DESIGN - IDS Design Consultant Services

Contract (2001-0607) between the MDOT and URS Corporation Great Lakes will enable MDOT to request specific design services to be performed on an as needed, when needed basis with a written authorization. This consultant has been prequalified as a provider of specific design services.

The term of this contract will begin upon award and will expire 36 months thereafter, unless extended to complete projects. However, authorizations for new projects will not be issued after 24 months have elapsed. The provisions of this contract permit the department to extend the term of this agreement beyond 36 months in order to complete ongoing projects.

The maximum obligation for payment of funds for any individual authorization is \$1,00,000.00. The total obligation of funds under this contract will not exceed \$3,000,000. In the event that 80% of the contract maximum is obligated prior to the end of the two year

*Denotes a non-standard contract/amendment

period for issuing authorizations, the Department may submit a request to the State Administrative Board for approval to issue a new contract to this firm. The remaining 20% is reserved for additions to ongoing projects and to retain the services of the designers during the construction of the projects that they designed. If the consultant has an existing contract with MDOT for the same category of services as provided in this contract, no new projects will be authorized on that existing contract.

The authorizations issued under this contract will be funded with Restricted State, Federal or Local funds, depending on the source of funds for the particular project authorized. Any individual authorization of \$100,000 or more will be submitted to the State Administrative Board for approval.

49-113. MAINTENANCE - State Trunkline Maintenance

Contracts between MDOT and the following 65 County Road Commissions will provide new State Trunkline maintenance contracts for a 27 month period. The master contract (agreement) has been negotiated with the County Road Association of Michigan (CRAM). The Department of Transportation has requested that the governing body of CRAM recommend to its county membership to accept and sign the agreement. The agreement has been approved as to legal form by the Attorney General's office and will be sent out to the counties for their signatures. No changes will be made to the negotiated document without additional Ad Board approval. The contract terms will be from July 1, 2001, through September 30, 2003.

P.A. 17 of 1925 authorizes the Department to contract with cities, villages, and boards of county road commissioners for the construction, improvement, and maintenance of state trunkline highways. Under the terms of the standard maintenance contracts, the cities, villages, and boards are reimbursed for audited labor, equipment rental, and material charges in accordance with the provisions of the contracts. The following maintenance contracts were not competitively bid but were negotiated with the local units of government. The Department has found that such negotiated agreements are in the public interest and has transmitted those findings in accordance with Section 11c of 1951 PA51, MCL 247.66a(c); MSA 9.1097(11c).

These contracts are on a cost reimbursement basis, subject to final audit of actual costs. Billings are submitted by the counties on a regular monthly basis to be approved by the Regions. Actual work is planned by the Regions in cooperation with the Counties. In general, the total for the Maintenance budget is based on legislative appropriations; the Maintenance Division in turn establishes the individual County budgets to be administered by the Regions.

114. *REAL ESTATE: Mapping Services

Contract (2001-0505) between MDOT and JCK & Associates, Inc., will provide the updates of the Calhoun, Kalamazoo, and Muskegon map books for the Real Estate Division. This update will include transferring the original hand drawn map into an electronic format and incorporating all additional right of way takes and sales of excess properties. The amount of this contract will be \$284,850. This contract will be in effect from the date of award through September 20, 2001. Source of Funds: 100% State.

115. *UPTRAN - Intercity Bus Equipment

Contract (2001-0611) between MDOT and Indian Trails, Inc., provides for MDOT to contractually lease for \$1,000 each per year three (3) intercity highway coaches to Indian Trails. MDOT will purchase the coaches under separate purchase orders and lease them to Indian Trails for a maximum of six years or 450,000 miles. Indian Trails is requesting the buses in order to maintain its existing scheduled regular route round-trip service between Bay City - Chicago, serving intermediate towns and cities. These buses will allow continuation of this service, prevent community isolation or further loss of service, and increase compliance with the Americans with Disabilities Act (ADA). Total project cost is \$1,121,583.00. The dollar amount of this lease contract is \$-0-. Source of Funds: 100% State Restricted Funds.

EXCESS PROPERTY

167. RESOLUTION "A" - Relinquishment Sale 321
CS 63112, Parcel 12 Part A, Item 1
The area proposed for relinquishment contains 6.72 acres, more or less, and is located in Pontiac Township, Oakland County, Michigan. Lucaj Manabal Opdyke, LLC, the underlying fee holder, has instituted a quiet title action against the Department in Oakland County Circuit Court Case No. 01-028476-CK to clear title of ownership in fee simple. The Department of Transportation abandoned the property in 1962 and no longer needs the property for transportation purposes. MDOT has agreed to waive the processing fee in accordance with the consent judgment while removing itself from any potential future liability.

In accordance with MDOT's policies and procedures and subject to concurrence by the Federal Highway Administration, the preparation and execution of the appropriate documents approved by the Attorney General, and compliance with all legal and fiscal requirements, the Director recommends for approval by the State Administrative Board the items on this agenda.

The approval by the State Administrative Board of these contracts does not constitute the award of same. The award of contracts shall be made at the discretion of the Director-Department of Transportation when the aforementioned requirements have been met. Subject to exercise of that discretion, I approve the contracts described in this agenda and authorize their award by the responsible management staff of MDOT to the extent authorized by, and in accordance with, the December 14, 1983, resolution of the State Transportation Commission and the Director's delegation memorandum of January 16, 2001.

Respectfully submitted,

Gregory J. Rosine,
Director
